LOGTRASOL
LOGISTICS & TRADE SOLUTIONS

LOGTRASOL offers the **highest quality** and **most profitable** service.

We are a team of professional experts

in customs and international logistics, dedicated to the advice and comprehensive services that adapt to the current needs of the market.

We operate under a strict adherence to the legal rules and fiscal provisions, applying the benefits offered by Mexican customs law and other legal systems, to carry out processes in an agile and expeditious manner, reducing costs and time in the liberation of your procedures and goods.

Strengths

- Focused on processes
- Continuous improvements in Information technology Services
- Comprehensive services: Customs Brokers (Mexican/American) + multimodal transport.
- Strategic plan aligned to our clients' objectives
- Constant reviews of clients' satisfaction with the processes

Strategic presence

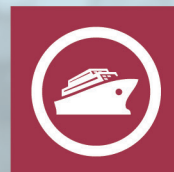

Qualified personnel

Our staff offers a quick and efficient service. We do not only form a professional team, but also work under a service philosophy aimed at achieving complete customer satisfaction through timely and personalised quality care.

Comprehensive Services

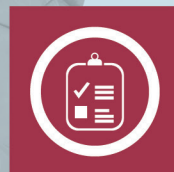

Logistics

Consignment agency

Customs Broker

Consultancy in foreign trade

Our **goal** is to offer an **honest,**
responsible and **comprehensive** service

Mexican Customs Office

- Tariff classification of goods according to the Mexican General Import and Export Tax Law.
- Determination of tariff and non-tariff requirements, permits, NOMs, phytosanitary and animal health regulations.
- Validation of Certificates of Origin for the correct application of tariff preferences of the international treaties signed by Mexico with different countries.
- Determination of the Customs Regime to which goods will be destined in Mexico or with which they will be shipped abroad.
- Inspection of your goods through our remote electronic system, either at origin or in Mexican customs.

Logistic Design

We have commercial alliances with air-cargo companies, shipping companies and land transport.

Consignment Agency

We offer Maritime Agency services of boats including the following:

- Reception/dispatch of ships and coordination with Administración Portuaria Integral (**API**) and authorities.
 - Oil tankers
 - Cruise ships
